NEW RECORD MADE BY COLLEGE TRACK MEN

Relay Team Clips Second From Previous Time and Hagaman Celebrates in Smiles-Corley Working Hard for Success of Open-Air Meet.

Coach Hagaman had his track squad out again yesterday afternoon at Richmond College. Parteular attention was paid to the relay team and the man who is teaching the men how to run is as enthusiastic over the result of his endeavors as is a school boy just about to enjoy his holiday. Why? Simply because one whole second was elipped off of previous records made by the men. Meredith was out and this youngster has something in him. At least, so Hagaman believes.

The first men sent around the 220-yard track were Vaughan, Wilson and Meredith, with Vaughan setting the pace. He got away at a preity lively clip and as they finished the didn't let the boys see, him. Instead, he informed them that they were going like snails. On the second and last lap Meredith was on Vaughan's heels all the way, crowding him, and on the last turn actually took away the lead, and the time chalked up was fifty-six seconds flat. Then it was that Hagaman beanned.

Reiny Team Picked.

It is practically certain that the relay team will be made up of Vaughan, Gary. Meredith and Wilson, with Slaughter and Williams as subs. Meredith will probably start the race, in view of his speed, and he is expected to hand the race to Vaughan, who will doubtless follow nim, with a good lead. Wilson is slated to take up the third lap, and as he is a steady and consistent runner, will probably maintain the lead he gets. Gary, fast and nimble and a great little sprinter, will be given the finish. He has stamina, and in anything like a close race, will come pretty nearly bringing

stamina, and in anything like a close race, will come pretty nearly bringing home the bacon.

The above is the way it looks now. Of course, there may be changes, Naturally the loss of Captain Taylor proved disconcerting. His steady pegnig and never-say-die spirit will be missed. And what is doubly sorrowful to his team mates and the coach, is to his team mates and the coach, is the most pretentious event of its kind the rumor that he will leave college ever pulled off in Richmond. Pity that Abe Attell had to suffer from such a horrible thing as "acromiam process and an intertractural fracture of the humerus." But we are realiably informed that that formidable thing means merely that his shoulder flat bone is fractured and a few ligaments torn, and that he will be all right in about two months. It's bad enough as it is, without the doctors trying to throw a scare into us a mile long.

Abe is a good boy, and Ed. Lyons will be glad to know that he is not permanently disabled, as the little fellow is a great friend of Ed.'s. Of course, there are others who will also be glad.

Pity they can't get together, and maybe they will.
